

**Skiers and Snowboarders:** Join us for this popular mid-week ski adventure as we return to one of the Mid-Atlantic's premier ski resorts. Snowshoe is known for its balanced mix of beginner, intermediate, and advanced ski runs, along with terrain parks for riders of all abilities. With a summit elevation of 4,848', Snowshoe has some of the best snow in the region. Our package includes **four days of skiing or snowboarding, five nights lodging**, and one or two group social events (COVID permitting). We'll be staying slopeside in junior studio rooms at Expedition Station, with easy access to lifts and a variety of terrain. Each unit features a queen bed, sleeper sofa, and a small kitchenette. Participants will arrange their own transportation via personal auto or carpool. Driving time from the Peninsula is approximately 5½ hours.

#### Mountain Stats

Trails/Parks:	56/5
Elevation:	3,348' – 4,848'
Vertical drop:	1,500'
Longest run:	1.5 mi.
