

Dear PSC skiers and non-skiers,

Stratton Mountain is for Skiers and Non-Skiers alike. Established in 1961, Stratton offers many activities for non-skiers such as snow-shoeing, ice skating, cross-country skiing (and lessons), moonlight snowshoe treks, Winter Fat Tire Biking, snowmobiling under the stars and more. Check out the [Stratton Mountain Resort website \(winter activities\)](#).

WELCOME TO STRATTON MOUNTAIN RESORT

SUNDAY JANUARY 22 - FRIDAY JANUARY 27, 2023

Stratton Mountain provides skiing and boarding for all levels with nearly 100 trails and several terrain parks. At 3875 ft, Stratton is the highest mountain in southern Vermont. It has 670 skiable acres, longest trail is 3 miles, vertical drop is 2000+, 4 high speed sixes, 1 high speed quad, doubles and other lifts. Stratton is part of the Alterra mountain resorts family and on the IKON pass system.

Vermont snow falls consistently on the many acres of Upper and Lower Mountain skiable terrain, ranging from wide-open groomers to glades and challenging steepes, making great variety for skiers of any level. Navigate the mountain via the advanced lift network and the Stratton Mobile Ski app on Google Play or the Apple Store. Established in 1961, Stratton Mountain is located in the southcentral Vermont, south of Burlington VT (airport) and west of Manchester NH (airport).
